Discover success in global business today with the most strategic approach to international business topics and unique coverage not found in other books. GLOBAL BUSINESS, 4th Edition, is the first global business book that answers the big question, What determines the success and failure of firms around the globe? Globally renowned scholar and author Mike Peng integrates both an institution-based view and

resource-based view throughout every chapter, bringing an unparalleled continuity and strategic approach to the learning process. The book combines an inviting, conversational style with the latest research and examples that reflect the most recent global developments. A wealth of business cases from Mike Peng and other respected international experts delve into how companies throughout the world have expanded globally. All-new video cases that cover every chapter's opening case and closing case, world maps that connect geography and culture to business decisions, and unique global debate sections that draw you into cutting-edge international discussions help you learn to think independently and view business challenges from a truly global perspective. With GLOBAL BUSINESS, 4th Edition, you view business through the eyes of a true world citizen and gain the understanding you need to become an effective manager within today's global business landscape. An encyclopedia designed especially to meet the needs of

elementary, junior high, and senior high school students. Created through a "student-tested, faculty-approved" review process, M & F is an engaging and accessible solution to accommodate the diverse lifestyles of today's learners. The first Canadian edition of ECON Macro is an innovative, hybrid-learning package that was created by the continuous feedback of our "student-tested, faculty-approved" process, unique to our 4ltr Press series. ECON Macro delivers comprehensive content in a visually appealing, succinct print component paired with a high-value online offering - MindTap - that includes an integrated eReader and a set of interactive digital tools that appeal to a wide range of learning styles and needs, all at a value-based price. This winning combination is proven to increase engagement and lead to better outcomes. The hallmark of this solution is the student-friendly approach taken by award-winning instructor and author Will McEachern. McEachern uses familiar examples and illustrations drawn from students' daily lives to vividly demonstrate that when students show up for class the first day, they each come with at least 17 years of first-hand experience in making economic choices and dealing with economic institutions and events, connecting these life experiences to key macroeconomic concepts. "Completely revised and

updated, OM6 includes expanded discussion of Supply Chain Design, an all-new chapter on Supply Chain Management and Logistics, as well as many new problems, discussion questions, feature boxes, and case studies." --Publisher's website.
