One of the most beloved and bestselling novels of spiritual adventure ever published, Ishmael has earned a passionate following. This special twenty-fifth anniversary edition features a new foreword and afterword by the author. “ A thoughtful, fearlessly low-

key novel about the role of our species on the planet . . . laid out for us with an originality and a clarity that few would deny. ” —The New York Times Book Review

Teacher Seeks Pupil. Must have an earnest desire to save the world. Apply in person. It was just a three-line ad in the personals section, but it launched the adventure of a lifetime. So begins an utterly unique and captivating novel. It is the story of a man who embarks on a highly provocative intellectual adventure with a gorilla—a journey of the mind and spirit that changes forever the way he sees the world and humankind ’ s place in it. In *Ishmael*, which received the Turner Tomorrow Fellowship for the best work of fiction offering positive solutions to global problems, Daniel Quinn parses humanity ’ s origins and its relationship with nature, in search of an answer to this challenging question: How can we save the world from ourselves? Explore Daniel Quinn ’ s spiritual *Ishmael* trilogy: *ISHMAEL* • *MY ISHMAEL* • *THE STORY OF B*

Praise for *Ishmael* “ As suspenseful, inventive, and socially urgent as any fiction or nonfiction you are likely to read this or any other year. ” —The Austin Chronicle

“ Before we ’ re halfway through this slim book . . . we ’ re in [Daniel Quinn ’ s] grip, we want *Ishmael* to teach us how to save the planet from ourselves. We want to change our lives. ” —The Washington Post

“ Arthur Koestler, in an essay in which he wondered

whether mankind would go the way of the dinosaur, formulated what he called the Dinosaur ' s Prayer:

‘ Lord, a little more time! ’ Ishmael does its bit to answer that prayer and may just possibly have bought us all a little more time. ” —Los Angeles Times

Kidnapped as a teenage girl, Ma has been locked inside a purpose built room in her captor's garden for seven years. Her five year old son, Jack, has no concept of the world outside and happily exists inside Room with the help of Ma's games and his vivid imagination where objects like Rug, Lamp and TV are his only friends. But for Ma the time has come to escape and face their biggest challenge to date: the world outside Room.

When David Herron—overwhelmed and despairing, his family ' s business and finances in ruin due to the bursting lending bubble of 2008—takes his own life one chilly spring morning, he has no idea the ripple effect his decision will set into motion. Two years later, his widow, Jules, is now an employee of the bakery she and David used to own—and still full of bitterness over David ' s lies, perceived cowardice, and ultimate abandonment of her and their now-teenage daughter, Rennie. Rennie, meanwhile, struggles socially at school, resents her work-obsessed mother, and is convinced she ' s to blame for her father ' s death. When Denise, the former police detective who worked (and, due to her own personal struggles at the time, mishandled)

David ' s case, catches sight of Rennie at her sons ' school, she ' s struck by the girl ' s halo of sadness—and becomes obsessed with attempting to right the wrongs she believes she perpetrated two years ago. And as all this unfolds in Boston, Daniel, the guilt-ridden young man who, in his old life as a banker, helped create the circumstances that led to David ' s suicide, continues to punish himself for his sins by living half a life, working odd jobs and bouncing from one US city to another, never staying long enough to make friends or build something lasting. Ultimately, each of these very different people—all of them tied together by one tragic event—must learn in their own way how to say good-bye to the past and move into a brighter future.

In 1920 an aspiring geneticist escapes into her studies as she grapples with her sexuality, but the world of science comes with its own troubles. Having persuaded her resistant mother to send her to college, Kate Croft falls in love with science. Painfully rebuffed by a girl she longs for, and in flight from her own confusing sexuality, Kate finds refuge in the calm rationality of biology: its vision of a deeply interconnected world, and the promise that the new field of genetics can explain the way people are. But science, too, turns out to be marred by human weakness. Despite her hard work and extraordinary gifts, Kate struggles, facing discrimination, competition,

and scientific theft. At the same time, a love affair is threatened by Kate ' s obsession with figuring out the meaning of the puzzling changes she sees in her experiments. In the Field explores what it takes to triumph in the ruthless world of mid-twentieth-century genetics, following Kate as she decides what she is—and is not—willing to sacrifice to succeed. Winner of the 2022 inaugural Science + Literature Award “ [A] faithful, patient reimagining of Daphne du Maurier ' s novel . . . The writing at times is so fine you wish this weren ' t a retold story. . . . Alena is . . . a brilliant take-down of the self-serious art world, rendering it helplessly camp by sprinkling some of its august and/or provocative names . . . over this . . . pop-culture totem. ” —The New York Times Book Review “ Luminous and sure-footed . . . The triumph of Pastan ' s story is that it manages to be more than a companion piece to du Maurier ' s. Alena proves itself an intriguing and substantial novel on its own merits, while still offering the kind of gothic plunge we remember and crave from our younger years. ” —The Washington Post “ Like a good reproduction, Alena preserves important trademarks of the original art—creepy and claustrophobic. ” —Entertainment Weekly #1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. “ Enchanting . . . The English Novel in History 1700-1780 provides students with specific contexts for the early novel in response to a new understanding of eighteenth-century Britain. It traces the social and moral representations of the period in extended readings of the major novelists, as well as evaluating the importance of lesser known ones. John Richetti traces the shifting subject matter of the novel, discussing:

- \* scandalous and amatory fictions
- \* criminal narratives of the early part of the century
- \* the more disciplined, realistic, and didactic strain that appears in the 1740's and 1750's
- \* novels promoting new ideas about the nature of domestic life
- \* novels by women and how they relate to the shift of subject matter

This original and useful book revises traditional literary history by considering novels from those years in the context of the transformation of Britain in the eighteenth century. A brilliant satire of mass culture and the numbing effects of technology, *White Noise* tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his

fourth wife, Babette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an "airborne toxic event" that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread. In a classic work of alternate history, the United States is divided up and ruled by the Axis powers after the defeat of the Allies during World War II. Reissue. Winner of the Hugo Award for Best Novel. Takahiro O'Leary has a very special job... ..working for the Axon Corporation as an explorer of parallel timelines—as many and as varied as anyone could imagine. A great gig—until information he brought back gave Axon the means to maximize profits by changing the past, present, and future of this world. If Axon succeeds, Tak will lose Samira Moheb, the woman he has loved since high school—because her future will cease to exist. A veteran of the Iraq War suffering from post-traumatic stress disorder, Samira can barely function in her everyday life, much less deal with Tak's ravings of multiple realities. The only way to save her is for Tak to use the time travel device he "borrowed" to transport them both to an alternate

timeline. But what neither Tak nor Axon knows is that the actual inventor of the device is searching for a timeline called the Beautiful Land—and he intends to destroy every other possible present and future to find it. The switch is thrown, and reality begins to warp—horribly. And Tak realizes that to save Sam, he must save the entire world... Includes a selection from *Sleeping beauties* by Stephen and Owen King after page 1157 (to be published in Sept. 2017).

World explores the need to end our separations from each other and from nature -- coming home, at last, to a beleaguered yet still beautiful world. FINALIST FOR THE 2021 BOOKER PRIZE & A NEW YORK TIMES TOP 10 BOOK OF 2021 WINNER OF THE DYLAN THOMAS PRIZE “ A book that reads like a prose poem, at once sublime, profane, intimate, philosophical, witty and, eventually, deeply moving. ” —New York Times Book Review, Editors ’ Choice “ Wow. I can ’ t remember the last time I laughed so much reading a book. What an inventive and startling writer...I ’ m so glad I read this. I really think this book is remarkable. ” —David Sedaris From "a formidably gifted writer" (The New York Times Book Review), a book that asks: Is there life after the internet? As this urgent, genre-defying book opens, a woman who has recently been elevated to prominence for her social media posts travels around the world to meet her adoring fans. She is overwhelmed by navigating the new language and etiquette of what she terms "the portal," where she grapples with an unshakable conviction that a vast chorus of voices is now dictating her thoughts. When existential threats--from climate change and economic precariousness to the rise of an unnamed dictator and an epidemic of loneliness--begin to loom, she posts her way deeper into the portal's void. An avalanche of images, details, and references accumulate to form a

landscape that is post-sense, post-irony, post-everything. "Are we in hell?" the people of the portal ask themselves. "Are we all just going to keep doing this until we die?" Suddenly, two texts from her mother pierce the fray: "Something has gone wrong," and "How soon can you get here?" As real life and its stakes collide with the increasingly absurd antics of the portal, the woman confronts a world that seems to contain both an abundance of proof that there is goodness, empathy, and justice in the universe, and a deluge of evidence to the contrary. Fragmentary and omniscient, incisive and sincere, *No One Is Talking About This* is at once a love letter to the endless scroll and a profound, modern meditation on love, language, and human connection from a singular voice in American literature. National Book Critics Circle Award Finalist Best Book of Fall (Esquire) and a Most Anticipated Book of 2021 (Lit Hub) *What Has Happened to Fiction in the Age of Platform Capitalism?* Since it was first launched in 1994, Amazon has changed the world of literature. The "Everything Store" has not just transformed how we buy books; it has affected what we buy, and even what we read. In *Everything and Less*, acclaimed critic Mark McGurl explores this new world where writing is no longer categorized as high or lowbrow, literature or popular fiction. Charting a course spanning from Henry James to E. L. James, McGurl shows that contemporary

writing has less to do with writing per se than with the manner of its distribution. This consumerist logic—if you like this, you might also like ...—has reorganized the fiction universe so that literary prize-winners sit alongside fantasy, romance, fan fiction, and the infinite list of hybrid genres and self-published works. This is an innovation to be cautiously celebrated. Amazon's platform is not just a retail juggernaut but an aesthetic experiment driven by an unseen algorithm rivaling in the depths of its effects any major cultural shift in history. Here all fiction is genre fiction, and the niches range from the categories of crime and science fiction to the more refined interests of Adult Baby Diaper Lover erotica. Everything and Less is a hilarious and insightful map of both the commanding heights and sordid depths of fiction, past and present, that opens up an arresting conversation about why it is we read and write fiction in the first place. “ A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious. ” —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians,

tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams. "Herzen's novel played a significant part in the intellectual ferment of the 1840s. It is an important book in social and moral terms, and wonderfully expressive of Herzen's personality."--Isaiah

Berlin Alexander Herzen was one of the major figures in Russian intellectual life in the nineteenth century. Who

Is to Blame? was his first novel. A revealing document and a noteworthy contribution to Russian literature in its own right, it establishes the origins of Herzen's spiritual quest and the outlines of his emerging social and political beliefs, and it foreshadows his mature philosophical views. Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease. A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. In fact, the only people Nora is a heroine for are her clients, for whom she lands enormous deals as a cutthroat literary agent, and her beloved little sister Libby. Which is why she agrees to

go to Sunshine Falls, North Carolina for the month of August when Libby begs her for a sisters' trip away—with visions of a small town transformation for Nora, who she's convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city. It would be a meet-cute if not for the fact that they've met many times and it's never been cute. If Nora knows she's not an ideal heroine, Charlie knows he's nobody's hero, but as they are thrown together again and again—in a series of coincidences no editor worth their salt would allow—what they discover might just unravel the carefully crafted stories they've written about themselves. #1 NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • “A psychological thriller that captivated me from page one. By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical

and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . .

Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his

disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon.

Praise for *Cloud Atlas* “ [David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his ambition is written in magma across this novel ’ s every page. ” —The New York Times Book Review “ One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature. ” —Dave Eggers “ Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative. ” —People “ The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I ’ ve never read anything quite like it, and I ’ m grateful to have lived, for a while, in all its many worlds. ” —Michael Chabon “ *Cloud Atlas* ought to make [Mitchell] famous on both sides of the Atlantic as a writer whose fearlessness is matched by his talent. ” —The Washington Post Book World “ Thrilling . . . One of the biggest joys in *Cloud Atlas* is watching Mitchell sashay from genre to genre without a hitch in

his dance step. ” —Boston Sunday Globe “ Grand and elaborate . . . [Mitchell] creates a world and language at once foreign and strange, yet strikingly familiar and intimate. ” —Los Angeles Times • A New York Times Editors ’ Choice • “ Assured and beautifully crafted . . . Hassib is a natural, graceful writer with a keen eye for cultural difference. . . . [She] handles the anatomy of grief with great delicacy. . . . In the Language of Miracles should find a large and eager readership. For the beauty of the writing alone, Hassib deserves it. ”

—Monica Ali, The New York Times Book Review “ [A] sensitive, finely wrought debut . . . sharply observant of immigrants ’ intricate relationships to their adopted homelands, this exciting novel announces the arrival of a psychologically and socially astute new writer. ”

—Kirkus Reviews (starred review) For readers of House of Sand and Fog, a mesmerizing debut novel of an Egyptian American family and the wrenching tragedy that tears their lives apart, from the author of A Pure Heart Samir and Nagla Al-Menshawy appear to have attained the American dream. After immigrating to the United States from Egypt, Samir successfully works his way through a residency and launches his own medical practice as Nagla tends to their firstborn, Hosaam, in the cramped quarters of a small apartment. Soon the growing family moves into a big house in the manicured New Jersey suburb of Summerset, where their three

children eventually attend school with Natalie Bradstreet, the daughter of their neighbors and best friends. More than a decade later, the family's seemingly stable life is suddenly upended when a devastating turn of events leaves Hosaam and Natalie dead and turns the Al-Menshawys into outcasts in their own town. Narrated a year after Hosaam and Natalie's deaths, Rajia Hassib's heartfelt novel follows the Al-Menshawys during the five days leading up to the memorial service that the Bradstreets have organized to mark the one-year anniversary of their daughter's death. While Nagla strives to understand her role in the tragedy and Samir desperately seeks reconciliation with the community, Khaled, their surviving son, finds himself living in the shadow of his troubled brother. Struggling under the guilt and pressure of being the good son, Khaled turns to the city in hopes of finding happiness away from the painful memories home conjures. Yet he is repeatedly pulled back home to his grandmother, Ehsan, who arrives from Egypt armed with incense, prayers, and an unyielding determination to stop the unraveling of her daughter's family. In Ehsan, Khaled finds either a true hope of salvation or the embodiment of everything he must flee if he is ever to find himself. Writing with unflinchingly honest prose, Rajia Hassib tells the story of one family pushed to the brink by tragedy and mental illness, trying to salvage

the life they worked so hard to achieve. The graceful, elegiac voice of *In the Language of Miracles* paints tender portraits of a family's struggle to move on in the wake of heartbreak, to stay true to its traditions, and above all else, to find acceptance and reconciliation. The final novel from one of the twentieth century's greatest writers. Most of the Blackwoods are dead. They were poisoned by arsenic, and the suspected murderer – Constance Blackwood – still lives in their family estate. In fact, she never leaves. Nor does her Uncle Julian, who is confined to a wheelchair. The only person to leave the house is her sister, the third remaining Blackwood, Merricat, and even she keeps her visits to town to a minimum. The townsfolk don't like the Blackwoods; understandable, when one of them could be a mass murderer. Constance, Merricat, and Julian maintain a semblance of a normal, if highly reclusive, life, aided – if Merricat is to be believed – by several magical wards and charm. But when one of these charms is disrupted, her estranged cousin Charles turns up for a visit, and threatens to throw the Blackwoods' fragile peace into chaos. When Diana's husband finds her, and Casey herself is attacked shortly after, Casey knows it's time for the two of them to disappear again. Diana has heard of a town made for people like her, a town that takes in people on the run who want to shed their old lives. You must apply to live in Rockton and if you're accepted, it means walking away entirely from your old life, and living off the grid in the wilds of Canada: no cell phones, no Internet, no mail, no computers, very little electricity, and no way of getting in or out without the town council's approval. As a murderer, Casey isn't a good candidate, but she has something they want: She's a homicide detective, and Rockton has just had its first real murder. She and Diana are in. However, soon after arriving, Casey realizes that the identity of a murderer isn't the only secret Rockton is hiding—in fact, she starts to wonder if she and Diana might be in even more danger in Rockton than they were in their old lives. From the acclaimed author of *The Epicure's Lament*, a scintillating novel of secrets, love, and legacy in the New York art world.

"Mischievous...funny, astute...As unexpectedly generous as it is entertaining.... Christensen is a witty observer of the art universe." —*The New York Times*

An epistolary novel set on a fictional island off the South Carolina coastline, *'Ella Minnow Pea'* brings readers to the hometown of Nevin Nollop, inventor of the pangram *'The Quick Brown Fox Jumps Over the Lazy Dog'*. Deified for his achievement in life, Nevin has been honored in death with a monument featuring his famous phrase. One day, however, the letter 'Z' falls from the monument, and some of the islanders interpret the missing tile as a message from beyond the grave. The letter 'Z' is banned from use. On an island where the residents pride them-selves on their love of language, this is seen as a tragedy. They are still reeling from the shock when another tile falls. And then

another... In his charming debut, first published in 2001, Mark Dunn took readers on a journey through the eyes of Ella Minnow Pea, a young woman forced to create another clever turn of phrase in order to save the islanders' beloved language. A stream-of-consciousness story of a poverty-stricken young American, living in Paris. Tariq Ali's second novel in The Islam Quintet is a rich and teeming chronicle set in twelfth-century Cairo, Damascus and Jerusalem. J.D. Salinger's classic of adolescent angst is now available for the first time in trade paperback. Holden Caulfield, knowing he is to be expelled from school, decides to leave early. He spends three days in New York City and tells the story of what he did and suffered there. The author of the #1 New York Times bestseller and global phenomenon *The Girl on the Train* returns with *Into the Water*, her addictive new novel of psychological suspense. A single mother turns up dead at the bottom of the river that runs through town. Earlier in the summer, a vulnerable teenage girl met the same fate. They are not the first women lost to these dark waters, but their deaths disturb the river and its history, dredging up secrets long submerged. Left behind is a lonely fifteen-year-old girl. Parentless and friendless, she now finds herself in the care of her mother's sister, a fearful stranger who has been dragged back to the place she deliberately ran from—a place to which she

vowed she'd never return. With the same propulsive writing and acute understanding of human instincts that captivated millions of readers around the world in her explosive debut thriller, *The Girl on the Train*, Paula Hawkins delivers an urgent, twisting, deeply satisfying read that hinges on the deceptiveness of emotion and memory, as well as the devastating ways that the past can reach a long arm into the present. Beware a calm surface—you never know what lies beneath. This is Thomas King's first literary novel in 15 years and follows on the success of the award-winning and bestselling *The Inconvenient Indian* and his beloved *Green Grass, Running Water* and *Truth and Bright Water*, both of which continue to be taught in Canadian schools and universities. *Green Grass, Running Water* is widely considered a contemporary Canadian classic. In *The Back of the Turtle*, Gabriel returns to Smoke River, the reserve where his mother grew up and to which she returned with Gabriel's sister. The reserve is deserted after an environmental disaster killed the population, including Gabriel's family, and the wildlife. Gabriel, a brilliant scientist working for DowSanto, created GreenSweep, and indirectly led to the crisis. Now he has come to see the damage and to kill himself in the sea. But as he prepares to let the water take him, he sees a young girl in the waves. Plunging in, he saves her, and soon is saving others. Who are these people with their

long black hair and almond eyes who have fallen from the sky? Filled with brilliant characters, trademark wit, wordplay and a thorough knowledge of native myth and story-telling, this novel is a masterpiece by one of our most important writers. It is also one of the most subtle, sad and humorous love stories ever written. It is the summer of 1956, when Stevens, a man who has dedicated himself to his career as a perfect butler in the one-time great house of Darlington Hall, sets off on a holiday that will take him deep into the English countryside and, unexpectedly, into his own past, especially his friendship with the housekeeper, Miss Kenton. As memories surface of his lifetime "in service" to Lord Darlington, and of his life between the wars, when the fate of the continent seemed to lie in the hands of a few men, he finds himself confronting the dark undercurrent beneath the carefully run world of his employer.
