**The Atlantic and Its Enemies Dec 23 2019 After World War II, the former allies were saddled with a devastated world economy and traumatized populace. Soviet influence spread insidiously from nation to nation, and the Atlantic powers—the Americans, the British, and a small band of allies—were caught flat-footed by the coups, collapsing armies, and civil wars that sprung from all sides. The Cold War had begun in earnest. In *The Atlantic and Its Enemies*, prize-winning historian Norman Stone assesses the years between World War II and the collapse of the Iron Curtain. He vividly demonstrates that for every Atlantic success there seemed to be a dozen Communist or Third World triumphs. Then, suddenly and against all odds, the Atlantic won—economically, ideologically, and militarily—with astonishing speed and finality. An elegant and path-breaking history, *The Atlantic and Its Enemies* is a monument to the immense suffering and conflict of the twentieth century, and an illuminating exploration of how the Atlantic triumphed over its enemies at last.**

**The Cold War Apr 26 2020 The Cold War is one of the furthest-reaching and longest-lasting conflicts in modern history. This book draws on**

***exclusive interviews with individuals who lived through the conflict's key events, offering a variety of perspectives that reveal how the Cold War was experienced by ordinary people.***

***Canada and the Cold War Jan 22 2020 The Cold War was initiated in Canada in 1945 by the dramatic defection of Soviet cipher clerk, Igor Gouzenko. This event marked the start of what turned out to be more than four decades of muted conflict between the Soviet Union and the West. The story of Igor Gouzenko is only one of many tales of espionage and intrigue told in this lavishly illustrated history. Authors Reg Whitaker and Steve Hewitt offer anecdotes, analysis, and lively discussion of a subject that has seldom been written about before. The book is organized by decade with each decade introduced by a short contextualizing essay. Canada and the Cold War is an attractive gift book as well as a fascinating historical overview of a key period in Canadian history.***

***The United States and the Origins of the Cold War, 1941-1947 Feb 26 2023 John Lewis Gaddis' acclaimed history of U.S. policy toward the Soviet Union during and immediately after World War II is now available with a new preface by the author. This book moves beyond the focus on economic considerations that was central to the work of New Left historians, examining the many other forces -- domestic politics, bureaucratic***

***inertia, quirks of personality, and perceptions of Soviet intentions -- that influenced key decision makers in Washington, and in doing so seeks to analyze these determinants of policy in terms of their full diversity and relative significance.***

***Cold War Feb 23 2020 The Cold War between the United States and the Soviet Union lasted from the end of World War II until the end of the 1980s. Over the course of five decades, they never came to blows directly. Rather, these two world superpowers competed in other arenas that would touch almost every corner of the globe. Inside you will read about... ✓ What Was the Cold War? ✓ The Origins of the Cold War ✓ World War II and the Beginning of the Cold War ✓ The Cold War in the 1950s ✓ The Cold War in the 1960s ✓ The Cold War in the 1970s ✓ The Cold War in the 1980s and the End of the Cold War Both interfered in the affairs of other countries to win allies for their opposing ideologies. In the process, governments were destabilized, ideas silenced, revolutions broke out, and culture was controlled. This overview of the Cold War provides the story of how these two countries came to oppose one another, and the impact it had on them and others around the world.***

***De-centering Cold War History Aug 30 2020 Cold War histories are often told as stories of national leaders, state policies and the global confrontation that pitted a Communist Eastern Bloc against a Capitalist West. De-Centering the Cold War takes a new analytical approach to reveal unexpected complexities in the historical trajectory of the Cold War. This collaborative effort shapes a street-level history of the global Cold War era, one that uses the analysis of the 'local' to rethink and reframe the wider picture of the 'global', connecting the political negotiations of individuals and communities at the intersection of places and of meeting points between 'ordinary' people and political elites to the Cold War at large.***

***Containing History Mar 06 2021 In the wake of Russia's invasion of Ukraine in February 2022, with U.S.-Russia relations approaching a breaking point, this book provides a key to understanding how we got here. Specifically, Stephen P. Friot asks, how do Russians and Americans think about each other, and why do they see the world so differently? The answers, Friot suggests, lie in the historical events surrounding the Cold War and their divergent influence on politics and popular consciousness. Cross-disciplinary and cross-cultural in its scope, Containing History employs the tools and***

***insights of history, political science, and international relations to explain how twenty-first-century public attitudes in Russia are the product of a thousand years of history, including searing experiences in the twentieth century that have no counterparts in U.S. history. At the same time, Friot explores how—in ways incomprehensible to Russians—U.S. politics are driven by American society’s ethnic and religious diversity and by the robust political competition that often, for better or worse, puts international issues to work in the service of domestic political gain. Looking at history, culture, and politics in both the United States and Russia, Friot shows how the forty-five years of the Cold War and the seventy years of the Soviet era have shaped both the Russia we know in the twenty-first century and American attitudes toward Russia—in ways that drive social and political behavior, with profound consequences for the post-Cold War world. Amid the wreckage of the high hopes that accompanied the end of the Cold War, and as faith in a rules-based international order wanes, Friot’s work provides a historical, cultural, and political framework for understanding the geopolitics of the moment and, arguably, for navigating a way forward.***

***The Cold War Nov 01 2020 The definitive history of the Cold War and its impact around the world***

***We tend to think of the Cold War as a bounded conflict: a clash of two superpowers, the United States and the Soviet Union, born out of the ashes of World War II and coming to a dramatic end with the collapse of the Soviet Union. But in this major new work, Bancroft Prize-winning scholar Odd Arne Westad argues that the Cold War must be understood as a global ideological confrontation, with early roots in the Industrial Revolution and ongoing repercussions around the world. In *The Cold War*, Westad offers a new perspective on a century when great power rivalry and ideological battle transformed every corner of our globe. From Soweto to Hollywood, Hanoi, and Hamburg, young men and women felt they were fighting for the future of the world. The Cold War may have begun on the perimeters of Europe, but it had its deepest reverberations in Asia, Africa, and the Middle East, where nearly every community had to choose sides. And these choices continue to define economies and regimes across the world. Today, many regions are plagued with environmental threats, social divides, and ethnic conflicts that stem from this era. Its ideologies influence China, Russia, and the United States; Iraq and Afghanistan have been destroyed by the faith in purely military solutions that emerged from the Cold War. Stunning in its breadth and revelatory in its perspective, this book expands our***

***understanding of the Cold War both geographically and chronologically, and offers an engaging new history of how today's world was created.***

***The Cold War Dec 15 2021 Bradley Lightbody here examines the complex arguments which divided East and West following the Second World war, and analyzes its eight major phases from the emergence of the Cold War through the late 1980s.***

***The Cold War Jul 22 2022 'Odd Arne Westad's daring ambition, supra-nationalist intellect, polyglot sources, masterly scholarship and trenchant analysis make The Cold War a book of resounding importance for appraising our global future as well as understanding our past' Richard Davenport-Hines, TLS, Books of the Year  
As Germany and then Japan surrendered in 1945 there was a tremendous hope that a new and much better world could be created from the moral and physical ruins of the conflict. Instead,***

***the combination of the huge power of the USA and USSR and the near-total collapse of most of their rivals created a unique, grim new environment: the Cold War. For over forty years the demands of the Cold War shaped the life of almost all of us. There was no part of the world where East and West did not, ultimately, demand a blind and absolute allegiance, and nowhere into which the West and East did not reach. Countries as remote from each other as Korea, Angola and Cuba were defined by their allegiances. Almost all civil wars became proxy conflicts for the superpowers. Europe was seemingly split in two indefinitely. Arne Westad's remarkable new book is the first to have the distance from these events and the ambition to create a convincing, powerful narrative of the Cold War. The book is genuinely global in its reach and captures the dramas and agonies of a period always overshadowed by the horror of nuclear war and which, for millions of people, was not 'cold' at all: a time of relentless violence, squandered opportunities and moral failure. This is a book of extraordinary scope and daring. It is conventional to see the first half of the 20th century as a nightmare and the second half as a reprieve. Westad shows that for much of the world the second half was by most measures even worse.***

***Cold War to Détente Jan 16 2022***

***Cold War Social Science May 27 2020 From World War II to the early 1970s, social science research expanded in dramatic and unprecedented fashion in the United States. This volume examines how, why, and with what consequences this rapid and yet contested expansion depended on the entanglement of the social sciences with the Cold War.***

This pamphlet: \* Analyzes the origins of the conflict \* Examines how the existence of nuclear weapons gives a unique character to the period \* Discusses the involvement of other nations and regions, particularly China \* Explains how and why the cold war ended \* Draws on recent research of revisionist scholars.**

**The Military History of the Soviet Union Apr 06 2021 This volume provides an introduction to the history of the Soviet armed forces from 1917 to 1991. The authors highlight the many facets of the Cold War, including the rise of the Soviet Navy after the Great Patriotic War and the collapse of the Soviet Union which marks its twentieth anniversary in 2011.**

**The Cold War Jul 10 2021 Even fifteen years after the end of the Cold War, it is still hard to grasp that we no longer live under its immense specter. For nearly half a century, from the end of World War II to the early 1990s, all world events hung in the balance of a simmering dispute between two of the greatest military powers in history. Hundreds of millions of people held their collective breath as the United States**

***and the Soviet Union, two national ideological entities, waged proxy wars to determine spheres of influence-and millions of others perished in places like Korea, Vietnam, and Angola, where this cold war flared hot. Such a consideration of the Cold War-as a military event with sociopolitical and economic overtones-is the crux of this stellar collection of twenty-six essays compiled and edited by Robert Cowley, the longtime editor of MHQ: The Quarterly Journal of Military History. Befitting such a complex and far-ranging period, the volume's contributing writers cover myriad angles. John Prados, in "The War Scare of 1983," shows just how close we were to escalating a war of words into a nuclear holocaust. Victor Davis Hanson offers "The Right Man," his pungent reassessment of the bellicose air-power zealot Curtis LeMay as a man whose words were judged more critically than his actions. The secret war also gets its due in George Feiffer's "The Berlin Tunnel," which details the charismatic C.I.A. operative "Big Bill" Harvey's effort to tunnel under East Berlin and tap Soviet phone lines-and the Soviets' equally audacious reaction to the plan; while "The Truth About Overflights," by R. Cargill Hall, sheds light on some of the Cold War's best-kept secrets. The often overlooked human cost of fighting the Cold War finds a clear voice in "MIA" by Marilyn Elkins, the widow of a Navy airman, who details***

***the struggle to learn the truth about her husband, Lt. Frank C. Elkins, whose A-4 Skyhawk disappeared over Vietnam in 1966. In addition there are profiles of the war's "front lines"-Dien Bien Phu, the Cuban Missile Crisis, the Bay of Pigs-as well as of prominent military and civil leaders from both sides, including Harry S. Truman, Nikita Khrushchev, Dean Acheson, Gen. Douglas MacArthur, Richard M. Nixon, Gen. Vo Nguyen Giap, and others. Encompassing so many perspectives and events, The Cold War succeeds at an impossible task: illuminating and explaining the history of an undeclared shadow war that threatened the very existence of humankind.***

***The Cold War Mar 30 2023 "Outstanding . . . The most accessible distillation of that conflict yet written." —The Boston Globe "Energetically written and lucid, it makes an ideal introduction to the subject." —The New York Times The "dean of Cold War historians" (The New York Times) now presents the definitive account of the global confrontation that dominated the last half of the twentieth century. Drawing on newly opened archives and the reminiscences of the major players, John Lewis Gaddis explains not just what happened but why—from the months in 1945 when the U.S. and the U.S.S.R. went from alliance to antagonism to the barely averted holocaust of the Cuban Missile Crisis to the***

***maneuvers of Nixon and Mao, Reagan and Gorbachev. Brilliant, accessible, almost Shakespearean in its drama, The Cold War stands as a triumphant summation of the era that, more than any other, shaped our own. Gaddis is also the author of On Grand Strategy.***

***The Culture of the Cold War Aug 11 2021 The author examines the culture of the United States in the post- World War II era with its air raid drills, spy trials, anti-Communist activity, and TV quiz show scandals.***

***Origins of the Cold War Mar 18 2022 The Cold War dominated the world political arena for forty-five years. Focusing on the international system and on events in all parts of the globe, Melvyn P. Leffler and David S. Painter have brought together a truly international collection of articles that provide a fresh and comprehensive analysis of the origins of the Cold War. Moving beyond earlier controversies, this edited collection focuses on the interaction between geopolitics and threat perception, technology and strategy, ideology and social reconstruction, national economic reform and patterns of international trade, and decolonization and national liberation. The editors also consider how and why the Cold War spread from Europe to Asia, Africa, the Middle East and Latin America and how groups, classes and elites used the Cold War to further their own interests. This***

***second edition includes the newest research from the Communist side of the Cold War and the most recent debates on culture, race and the role of intelligence analysis. Also included is a completely new section dealing with the Cold War crises in Iran, Turkey and Greece and a guide to further reading.***

***International Relations Since 1945 Jan 04 2021 International Relations since 1945 is the most student-friendly guide to the history of international relations. In it, Young and Kent provide an accessible and comprehensive introduction to key developments in international relations across the world. Now in its third edition, the text has been thoroughly updated to include contemporary developments and includes a brand new concluding part: 'The Age of Uncertainty, 2011 - 2018'. New to the third edition are three chapters covering developments from the last decade. The first of these, 'Conflict and Chaos in the Middle East', describes the development of the War in Syria and the emergence of the so-called Islamic State. Young & Kent tackle Brexit and the Trump administration in a new chapter on 'Threats to the existing Global Order: Instability in the West'. The final new chapter details 'Challenges from the East' with an overview of Russia's unstable relationship with NATO, North Korea's nuclear ambitions, and China's new international***

***economic rules under the leadership of Xi Jinping. International Relations Since 1945 is helpfully structured chronologically and by region, taking the reader through the tension of the Cold War and post-war decolonisation to the Vietnam War, The Detente Era, and the latest developments in Middle East politics.***

***Furthermore, students are supported by helpful learning features including biographies of key figures and chronologies of events.***

***The World the Cold War Made Nov 25 2022 The World the Cold War Made examines the Cold War and its lasting legacy by carefully exploring the creation and structure of the postwar***

**settlement; its successes, failures and adaptations; and the eventual coming apart of the post war order in the 1980s and early 1990s. James Cronin shows how this legacy has allowed some nations and industries to grow but has blocked others' paths to economic development. States whose very identities are threatened and whose positions within the larger community are in flux struggle to find a path to prosperity, while a competitive logic sharply limits the options available to them. At the same time, Cronin states, the end of the Cold War has removed powerful external constraints on the political choices of nations, allowing previously disenfranchised peoples the freedom to chart distinctive paths into the next century that are more responsive to their own histories.--Publisher description.**

**The Oxford Handbook of the Cold War Dec 27 2022 The Oxford Handbook of the Cold War offers a broad reassessment of the period war based on new conceptual frameworks developed in the field of international history. Nearing the 25th anniversary of its end, the cold war now emerges as a distinct period in twentieth-century history, yet one which should be evaluated within the broader context of global political, economic, social, and cultural developments. The editors have brought together leading scholars in cold war history to**

***offer a new assessment of the state of the field and identify fundamental questions for future research. The individual chapters in this volume evaluate both the extent and the limits of the cold war's reach in world history. They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict. Even though each essay offers a unique perspective, together they show the interconnectedness between cold war and national and transnational developments, including long-standing conflicts that preceded the cold war and persisted after its end, or global transformations in areas such as human rights or economic and cultural globalization. Because of its broad mandate, the volume is structured not along conventional chronological lines, but thematically, offering essays on conceptual frameworks, regional perspectives, cold war instruments and cold war challenges. The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history.***

***The Cold War in the Third World Feb 02 2021***

***This collection explores the complex interrelationships between the Soviet-American struggle for global preeminence and the rise of the Third World. Featuring original essays by twelve leading scholars, it examines the***

***influence of Third World actors on the course of the Cold War.***

***The Cold War Sep 23 2022 The Cold War dominated international relations for forty-five years. It shaped the foreign policies of the United States and the Soviet Union and deeply affected their societies, domestic situations and their government institutions. Hardly any part of the world escaped its influence. David Painter provides a compact and analytical study that examines the origins, course, and end of the Cold War. His overview is global in perspective, with an emphasis on the Third World as well as the contested regions of Asia and Central America, and a strong consideration of economic issues. He includes discussion of: the global distribution of power the arms race the world economy. The Cold War gives a concise, original and interdisciplinary introduction to this international state of affairs, covering the years between 1945 and 1990.***

***The Cold War as History Jan 28 2023 Den kolde krig er betegnelsen på den sikkerhedspolitiske tilstand imellem Sovjetunionen samt den Nord Amerikanske alliance. Den kolde krig startede i 1945 og var karakteriseret af eksistensen af atomvåben på amerikansk side, siden på sovjetisk side. Perioden var også kendetegnet ved, at der ikke var en tredje magt, som havde en tilstrækkelig militær styrke til at balancere de***
