It enables students to take a test from one chapter or several chapters at a time. It also has a Time Value of Money problem generator that creates an infinite number of problems for review. Excel Templates are also included. The software is written by the authors.

International Financial Management Oct 01 2020 "International Financial Management provides students with a foundation for analysis that will serve them well in their careers ahead. The decision-making process is presented through the text with the goal of teaching students how to make informed managerial decisions in an evolving global financial landscape. And new to this edition, McGraw-Hill's Connect® empowers students by continually adapting to deliver precisely what they need, when they need it, and how they need it, so your class time is more engaging and effective." --

Loose Leaf for International Financial Management Dec 23 2019 International Financial Management provides students with a foundation for analysis through a text that is well-organized, comprehensive, and provides up-to-date coverage of the topics. Like the first eight editions, it is written based on two tenets: emphasis on the basics and emphasis on a managerial perspective. The scope and content of international finance have been fast evolving due to cycles of deregulations and regulations of financial markets, product innovations, and technological advancements. As capital markets of the world are becoming more integrated, a solid understanding of international finance has become essential for astute corporate decision making. Reflecting the growing importance of international finance as a discipline, we have seen a sharp increase in the demand for experts in the area in both the corporate and academic worlds. International Financial Management discussion is written so that a self-contained treatment of each subject is presented in a user-friendly fashion. The text is intended for use at both the advanced undergraduate and MBA levels.

International Finance Dec 27 2022 The fifth edition of Maurice D. Levi's classic textbook has been updated to incorporate the massive changes in the world of international finance of the past few years. In particular, the emergence of new markets

is given broad coverage – particularly the rise to financial prominence of China and India and other growth economies in Asia and elsewhere. Key features of the book include: the impact of globalization and the greater connectedness of national economies and the world economy as a whole probably the best introduction to exchange rates available and how they directly impact upon firms as well as governments the continued massive impact of multinational corporations on the global financial scene as well as the opportunities presented by e-commerce. The material is interlaced with a wealth of supplementary material including real world case studies, review questions, examples and objectives. The result is the most authoritative survey of international finance currently available. Thoroughly updated and with a large amount of new information, this text will prove an indispensable guide to the inner workings of international finance to students of economics and business as well as professionals in the finance industry.

International Financial Management Apr 30 2023 *International Financial Management* is written based on two distinct parts: emphasis on the basics and emphasis on a managerial perspective. As capital markets of the world become more integrated, a solid understanding of international finance has become essential for astute corporate decision making. *International Financial Management* provides students with a foundation for analysis that will serve them well in their careers ahead. The decision-making process is presented through the text with the goal of teaching students how to make informed managerial decisions in an evolving global financial landscape.
