Assessment Test (FCAT). Each state and jurisdiction that participated in the National Assessment of Educational Progress (NAEP) 2011 reading assessment receives a one-page snapshot report that presents key findings and trends in a condensed format. Overall results, achievement level percentages and average score results, comparison of the average score in 2011 to other states/jurisdictions, average scores for state/jurisdiction and nation (public), results for student groups in 2011, and score gaps for student groups are included. In 2011, the average score of fourth-grade students in Florida was 225. This was higher than the average score of 220 for public school students in the nation. The average score for students in Florida in 2011 (225) was not significantly different from their average score in 2009 (226) and was higher than their average score in 1992 (208). In 2011, the score gap between students in Florida at the 75th percentile and students at the 25th percentile was 43 points. This performance gap was narrower than that of 1992 (49 points). The percentage of students in Florida who performed at or above the NAEP "Proficient" level was 35 percent in 2011. This percentage was not significantly different from that in 2009 (36 percent) and was greater than that in 1992 (21 percent). The percentage of students in Florida who performed at or above the NAEP "Basic" level was 71 percent in 2011. This percentage was not significantly different from that in 2009 (73 percent) and was greater than that in 1992 (53 percent). [For the main report, "The Nation's Report Card: Reading 2011. foundational skills described in the Language Arts Florida Standards (LAFS) - Covers all areas including phonics, word analysis, writing conventions, grammar, and vocabulary - Develops the vocabulary skills assessed as part of reading comprehension tasks

Preparing for the Florida Standards Assessments (FSA) In 2014-2015, Florida introduced new state tests to replace the FCAT 2.0 assessments. These are the Florida Standards Assessments (FSA). Language and vocabulary skills are assessed on the test in two ways. The test includes language and editing tasks where students read short passages and identify errors or opportunities for improvement. These tasks make up between 15 and 25 percent of the questions. Language and vocabulary skills are also assessed as part of the reading comprehension tasks, with some of the questions following passages covering language and vocabulary use. This book will prepare students for both types of questions, as well as ensure that students have the specific language skills that are assessed. The Florida standards divide reading skills into two areas: reading literature and reading informational texts. This workbook focuses specifically on literary texts. The book contains a wide range of literary passages organized by type. Each passage is followed by a complete full-length question set. This workbook will ensure that students have strong reading comprehension skills and can respond to challenging passages. Students will also be fully prepared for the literary reading tasks on the FSA English Language Arts tests.

focused on the core skills needed to help students succeed on the FSA Math Grade 5 assessment. A kindergarten mathematics curriculum based on the Common core standards (c. 2010) and designed for use in Florida schools. Our Florida State Assessments Grade 4 Mathematics Success Strategies Workbook is built around the specific standards used by the Florida Standards Assessments. With a Florida State Assessments Grade 4 Mathematics Success Strategies Workbook, your student will have access to numerous practice questions and other exercises, which they can use to improve their skills and measure their progress toward Common Core readiness. Individual lessons and exercises are short and to the point, so your student doesn't lose focus, but they're also thorough enough to cover each topic in depth. Concepts and principles are broken down into small nuggets, leading to higher comprehension and retention rates for students. Results from the 2013 NAEP assessments show fourth- and eighth-graders making progress in mathematics and reading. Nationally representative samples of more than 376,000 fourth-graders and 341,000 eighth-graders were assessed in either mathematics or reading in 2013. Results are reported for public and private school students in the nation, and for public school students in all 50 states, the District of Columbia, and Department of Defense schools. This snapshot report covers the overall results, achievement level percentages and average score results, comparison of the average scores in 2013 to other states/jurisdictions, average scores for state/jurisdiction and nation (public), results for student groups in 2013, and score gaps for student groups.
