Poems and readings, ancient and modern, selected by a Jewish scholar and feminist address the spiritual needs of pregnant women, providing wisdom and support from the moment of getting pregnant through the next nine months. Holistic MidLife Coach Ellen Besso had always wanted to travel to India. As a coach and author who helps women uncover their passions, find new directions in life, and put spirituality into practice in their daily lives, for as long as she could remember, she had a preoccupation with India and its people, feeling drawn to go there. An Indian Sojourn: One woman's spiritual experience of travel & volunteering is a wonderful book describing Ellen Besso's travel in India. Ellen writes: "India's draw is complex; we can't understand it within the frame of reference of our Western minds, and that is part of what pulls us in. Once our constant internal analysis abates, we're more open to flowing with what is unfolding around us. To say that the environment there is over stimulating would be an understatement. People, vehicles, cows, even the colours are de trop, but my approach has been, "bring it on." I was thirsty for India after waiting for her so long and I wanted to soak in every tiny little detail." Ellen and her partner Don have now made three journeys visiting India, in 2007, 2009 and again very recently. During their travel to India, they made lifelong friends, volunteering and tutoring Tibetan refugees in Dharamsala, India. Ellen looks forward to returning to India again in the future. Ellen writes: "I invite you to join me on my journey, through the ups and downs of travel and volunteering, meet the people we developed strong friendships with, and enjoy the fascination and wild rides that are India. This book is also about the heartfelt stories of refugees, fellow travellers and the Indian people themselves and the effort of trying to understand cultures very different from ours. Ultimately though it is the moments when we are not so far apart that defines An Indian Sojourn." An Indian Sojourn - One woman's spiritual experience of travel and volunteering is the second book in Ellen Besso's MidLife Maze Series. How can women flourish when they're constantly being caught in a never-ending battle of conflicting interests? Work, success, family, ambition—today's women have never been given the tools to integrate the disparate aspects of their lives into a harmonious whole. Awakening To Me is the Category Winner in 2014 The Indie Spiritual Book Awards, and 2015 Pinnacle Book Achievement Awards. It is a story of personal metamorphosis, written over the course of several years in real time as life unfolded and lessons were learned. It is a work of naked truth about Kerri Hummingbird's struggles with borderline personality disorder, recovering from divorce after a 20 year marriage, and seeking love from outside herself. The story documents how alternative healing methods (shamanic energy medicine and reiki) and mindfulness practices (Yoga and Toltec wisdom) led to an amazing transformation that arguably negates the former psychological diagnosis. Kerri shares her story so that others may witness that with dedication, faith, and a willingness to shine a light into the shadows, challenges can be overcome and lasting inner peace and self-love can be cultivated. Let Kerri's story and her heartfelt recommendations for self-help inspire you to begin your own journey of healing. "Kerri's raw courage and vulnerable transparency blaze a trail for any woman on a healing journey. Awakening to Me is a magnificent book that takes us behind the scenes of transformation, and shows how even the most difficult situations can be the fodder for finding oneself. Let Kerri's book guide you to find your independence and self-love." — HeatherAsh Amara, author of The Toltec Path of Transformation and Warrior Goddess Training "In Awakening To Me, Kerri shares her intimate and difficult personal and spiritual journey to identify and

express her authentic being into the world. Her story is engaging, sometimes disturbing, yet with a clear underlying thread of compassion for herself and others also engaged in their own struggle with borderline personality disorder. In her words, she seeks to give voice to those who have no voice. Her life voyage takes her through light and darkness, to amazing heights and agonizing lows. In her world travels she meets with some of the teachers who have helped shape the views of spiritual development for a generation. Each has something to share with her that may shed light upon your own path, as well. It has been my pleasure and honor to walk with Kerri through some of her journey. I heartily recommend this book to you as a tool for your own amazing self-exploration. Among these pages you will find a courageous and dedicated explorer of life and spirit."

— Gerry Starnes, M.Ed, author of *Spirit Paths: The Quest for Authenticity* "This powerful book intensely and beautifully expresses the internal world of someone with Borderline Personality Disorder. The author takes us on a tour of her internal emotional world: the depths of despair, the emptiness, and frantic efforts to find love. Ms. Hummingbird takes us with her on the journey toward internal independence and core stability – what works and what doesn't. From her personal work she provides suggestions, exercises and quotes. This book will be of profound use to anyone with this diagnosis, their family members, therapists and allies. In fact, I'd also recommend it for those diagnosed with Post Traumatic Stress Disorder or who have symptoms of Bipolar Disorder. But, in truth, we can all benefit from reading this book. *Awakening to Me* is an invitation to self-honesty, persistence in seeking meaningful help, and the long work of sustained effort. This book is well written and well organized but it is the author's honesty and insight that makes it powerful. Her emotions and thoughts, the related beliefs are clearly described. These are in turn related to events in Ms. Hummingbird's history, into present relationships and dynamics in a manner that doesn't lose the reader in her internal world. Instead, we understand ourselves better, our friends and family members. We understand better what it means to be human." — Category Judge, Indie Spiritual Book Awards 2014

Have you ever had a dream that came true? Author O. Faye Ryder heard God speaking through dreams that foretold the tragic events to come. In *Walking on the Right Side of God*, she shares her dramatic spiritual experiences through life's toughest times. Walk this touching spiritual journey with O. Faye Ryder and discover how God prepared her for young widowhood and of the comfort he sent. Her amazing story takes you through the highs and lows of her life's pilgrimage from sorrows to elations. Though the timing may have not been Ryder's choice, from her struggle to wait on the Lord, she was gifted with the courage needed for *Walking on the Right Side of God*. For all those who live in fear of never quite "measuring up," this honest account of one woman's spiritual crisis provides a new look at the transforming power of God's grace in the midst of weakness. Readers will be encouraged to relinquish the role of spiritual "orphan" and embrace a forgiving heavenly Father. Heddon explores such questions as whether one retains memory of a time before birth and if God makes his existence known to those who open themselves to Him. *Hot Flush Dark Cave* The extraordinary personal account of one woman's spiritual transformation through the portal of menopause. Tree dives through the portal as a willing, enthusiastic initiate. She follows her intuitive understanding; that she is responding to an invitation to a vital, life changing initiation. The story follows Tree's three-year journey. After spending twenty years raising a family, she responds to a deep need to withdraw into solitude, creativity and nature. She travels to her own interior, shedding parts of herself, burning off dross, using hot flushes as a form of alchemy, purifying herself. She spends much time in nature. During the initiation the veil between this world and the spirit world lifts. Much wisdom is imparted by the spirit world. Sometimes painful; both physically and emotionally, often joyful and enriching, and always transforming. All my life it seems I have had to eat my words, says author Virginia Stiles. When I began working in my hometown newspaper, I knew that job was only temporary until something better came along. As it turned out, she was in the newspaper business for more than thirty-seven years serving only two newspapers in that time. Her personal journey, which is told in *Eating My Words*, talks about confronting her alcohol addiction, dealing with rehabilitation after two heart attacks and a stroke, and then coming face-to-face with a bankruptcy. At the age of fifty-four, she completed training to go into parish ministry. She wanted to be able to fill in for pastors who were on vacation or sabbatical. Who me? Full-time parish ministry? Never! And, once again, she wound up eating her words about that, serving as pastor to a church in Westside for the next eight years. It takes Courage

Many immigrant families flee to the United States to flee from war, abuse, lawlessness, or poverty. Most are forced to leave behind everything they own, taking only their courage and hope for a better future. Sadly, they also bring the trauma they've been forced to endure You can't know what you're not taught Billions of people, especially immigrants, aren't taught how to cope with trauma. The men try to suppress it while the women cry in secret, both incorrectly thinking they're being strong but they have no idea that by suppressing it, it comes out in other forms, none of them good. While they try to assimilate in a new country, unable to be understood by the language barrier or mocked for their thick accents, taking menial, low-paying jobs even though they are intelligent college graduates, looked over, all the while feeling pressure from their culture to keep to their culture so that it doesn't disappear - all while suppressing intense, emotional trauma is not easy. In her book, *Immigrant Mental Health*, first time author Fanus Woldegebriel shares her amazing personal story in a fresh, easy to read style that will keep your eyes glued to the page and get your thoughts churning. She connects with her readers by her brutal transparency and her logical and insightful realizations." I

want to share the truth about the power of hope. You should hope for a better tomorrow because you deserve it. You can and will heal. Even if you're suffering from mental illness, manifesting hope from your mind to your words to your actions will change your life for the better."Fanus Woldegebriel

Journal your thoughts, emotions, and fears as you work your way through this book. If you follow the journaling prompts designed to help you soul-search, you'll find the transformation power to make you - the you that you were destined to become. You are home. It's not a badge of honor to survive to always struggle. Unlock and unleash the power of knowing your worth by getting to know the real you. One of the most iconic, beloved, and bestselling books of our time. This beautifully written, heartfelt memoir touched a nerve among both readers and reviewers. Elizabeth Gilbert tells how she made the difficult choice to leave behind all the trappings of modern American success (marriage, house in the country, career) and find, instead, what she truly wanted from life. Setting out for a year to study three different aspects of her nature amid three different cultures, Gilbert explored the art of pleasure in Italy and the art of devotion in India, and then a balance between the two on the Indonesian island of Bali. By turns rapturous and rueful, this wise and funny author (whom Booklist calls "Anne Lamott's hip, yoga- practicing, footloose younger sister") is poised to garner yet more adoring fans. The book *Changes: From Spiritual Hopelessness To Spiritual Hope* carries readers on a journey of pain, heartache, loss of a loved one, loss of spirituality, anger, blame, an encounter with the world, and the journey back to God after the discovery. The twentieth anniversary edition of a transformative blueprint for ancestral healing—featuring new material and gateways, from the renowned herbalist, natural health expert, and healer of women's bodies and souls "This book was one of the first that helped me start practices as a young woman that focused on my body and spirit as one."—Jada Pinkett Smith Through extraordinary meditations, affirmations, holistic healing plant-based medicine, KMT temple teachings, and The Rites of Passage guidance, Queen Afua teaches us how to love and rejoice in our bodies by spiritualizing the words we speak, the foods we eat, the relationships we attract, the spaces we live and work in, and the transcendent woman spirit we manifest. With love, wisdom, and passion, Queen Afua guides us to accept our mission and our mantle as Sacred Women—to heal ourselves, the generations of women in our families, our communities, and our world. In 2017, Anne Bokma embarked on a quest to become a more spiritual person. After leaving the fundamentalist religion of her youth, she became one of the eighty million North Americans who consider themselves spiritual-but-not-religious, the fastest growing "faith" category. In mid-life she found herself addicted to busyness, drinking too much, hooked on social media, dreading the empty nest and still struggling with alienation from her ultra-religious family. In response, she set out on a year-long whirlwind adventure to immerse herself in a variety of sacred practices—each of which proved to be illuminating in unexpected ways—to try to develop her own definition of what it means to be spiritual. In *My Year of Living Spiritually*, Bokma documents a diverse range of soulful first-person experiences—from taking a dip in Thoreau's Walden Pond, to trying magic mushrooms for the first time, booking herself into a remote treehouse as an experiment in solitude, singing in a deathbed choir and enrolling in a week-long witch camp—in an entertaining and enlightening way that will compel readers (non-believers and believers alike) to try a few spiritual practices of their own. Along the way, she reconsiders key relationships in her life and begins to experience the greater depth of meaning, connection, gratitude, simplicity and inner peace that we all long for. Readers will find it an inspiring roadmap for their own spiritual journeys. *Rising From the Ashes* is more than a book of religious poetry. It is about one woman's journey, after healing for many years from the effects of childhood abuse, to continued growth in healing her spirit. Much attention has been given in recent years to uncovering child abuse and seeking to punish the abusers. However, that is only the first small step for the victim who will then often spend years and thousands of dollars to finally bring to recognition the insidious unseen effects that abuse has caused psychologically, emotionally, socially, and spiritually. Jolainne was one of those victims. It is easy to see physical scars and bruises, but it is very difficult to see interior scars and bruises. People more knowledgeable and competent than the author have discussed the psychological and social wounds, and she has even described her own long circuitous journey in another volume. However, *Rising From the Ashes* attempts to show how deeply wounded the victim's spirit is affected. It also attempts to give hope to anyone else who has been affected by childhood abuse, especially when they recognize the spirit is the core of their being and can only be healed on a spiritual level. Because the journey seems so long, ways to acknowledge growth and progress to keep from being discouraged are often necessary. *Rising From the Ashes* attempts to demonstrate this progress by using the theme of seasons. A season is cyclical and so is healing. One doesn't merely heal by first going through acknowledgement of a wound, then anger, then grief, then acceptance and, finally one is free from the abuse. No, the victim goes through many stages, often many times with the same issue. It is the same with spiritual healing. Trust is wounded on so many levels, but healing is possible and it is a wonderful journey when one can finally look back on it and see how God has really been with you all the way, even in the dark days when you cannot see or believe anything. *Rising From the Ashes* is a compilation from many poems over the years to illustrate the slow steady progress of one woman's spiritual life encapsulated in a year of seasons. In one's own life, if you can get through the dark times, you can see the silver lining. So, too, if you can get past the early dark poems of the book, you will arrive at that wonder-filled place where poems are filled with a sense of freedom and joy. The hope is that you will be able to see your

own spiritual journey somehow reflected in its verses. Have you ever wondered why some women send you jujube soup? Why can't you win a woman? Why has no guru of seduction really managed to help you so far? Here all this also happened to me in the past, and I decided that only by practicing in the field could I learn to seduce a woman. **Spiritual Seduction: How to seduce any woman with the strength of a great spiritual man.** It's nice to lose your head for a woman, not understand anything but all this often goes to complicate the attraction she can have towards you. With the copy of this book you will discover: How to succeed in attracting a woman with the right awareness and without panicking. How to relax one's way of being to approach and talk to a woman without getting anxious, thus overcoming one's own insecurity and proving to be a real man. Make your life more aware and increase security in yourself! All this is **Spiritual Seduction!** At a recent workshop, Despina Gurlides was the only one out of 40 people who raised her hand when the leaders asked, "Who is happy?" When asked for the recipe for happiness, she replied, "Do not betray yourself." Like everyone, however, Despina had fallen into the trap of self-betrayal. At one point, she thought she was happy after climbing the corporate ladder to success and marrying a successful man, but then she realized she felt empty inside. It took a lot of maneuvering for her to break out of her material trance, but she did it. Then she fell into a spiritual trance and had to break out of that as well. Along the way, she learned the answers to some tough questions, including: How can someone feel unhappy even if she is successful? What important message does depression bring? What are the rewards of failure? What is the way Home? Follow Despina as she navigates the murky waters dominated by career, image and money until she finds the way to happiness. If you are feeling trapped and want some answers, it may be time to take some advice from someone who is Not a Guru. Having Faith is a story of one woman's nine-year faith journey from infertility to motherhood. It is a story of redemption and healing. From personal and matrimonial healing to spiritual rebuilding, God wrought restoration, victory, and freedom, and from there God granted her the desires of her heart: motherhood. While other kids enjoyed the social aspects of school in the 1960s, Jacqui DeLorenzo experienced the torment of bullying. From the moment she stepped onto the bus, walked through the schoolyard, and stepped into the classroom, lunchroom, and even her own neighborhood, she was a target. Unfortunately, Jacqui's adulthood proved to be as challenging as her adolescence and childhood but her unwavering faith always sustained her. A Thread of Hope chronicles Jacqui's journey through her parents' devastating breakup, the death of her thirteen-year-old brother, her own struggle to survive cancer, and her battle with an eating disorder. From the depths of depression, Jacqui has worked to completely accept the person she's become, always leaving room for growth. Jacqui's belief in the miracle of God's love guided her to improved self-worth and the realization that she could accomplish anything. She continues to grow daily and appreciates all that life has to offer. Why write another book, especially one about an average southern woman's life? Who would read it? Whose life would it touch, and why? Why have all the circumstances of my life drawn me along a road on which I continually sense another person walking with me? It gradually dawned on me that I am on a journey, a journey with God. This journey is not about me at all. It is about the Lord God of Heaven, the Creator, and Sustainer of life. My constant Companion is the One who, because of His great love for me, is walking this road of life with me, guiding me, and gently calling me back when I start down a side path. A fascinating adventure into the world of healing, shamanism, plant medicine, and divination, Talking Story documents author Marie-Rose Phan-Le's worldwide journey to find healing and truth from authentic mystics and shamans, while recording their disappearing traditions and discovering her own gift as a healer. For anyone who has been visited by a ghost, been spoken to by a spirit, or need to know more about the paranormal this book is for you. Even if you haven't experienced something paranormal then this book is also for you, definitely not a journey to be missed. As a child of six I was unaware that the vision of a ghost and the whispering of voices were coming from beyond the grave. At eleven years old I was haunted by a voice telling me to say 'goodbye' to my sister - she wasn't coming back. Child, teenager, adult, the battles were always there. I lived in fear of ghosts and the voices from beyond the grave. That fear turned to love as I grew to learn and understand more about ghosts and spirits. The battle with the 'Living' continues as I question why scientific research after two hundred years has seen little progress in the way those with psychic functioning abilities are tested. I battle to understand why millions of people who claim to communicate with the dead, or have witnessed something paranormal are so easily dismissed by professional career debunkers. Where does science fit in amongst those with psychic functioning and spirituality as an orthodox religion? Let the journey begin. "What stories, events, emotions – no fiction can match the story of Carole's sister, the abject fear and terror of her youth, the casual disdain from so called intelligent people, and at the end, having learnt to adjust, managing her talents to the benefit of mankind. If you wish to disbelieve this book, you will succeed. If you have an open mind, this book will make you think. I am still thinking!" Professor Ray J Paul, author of *Living with Parkinson's Disease: Shake, Rattle and Roll* (2009) "A compelling read! What a journey from dark to light. This book shares in the wonders of working with spirit and opens our eyes beyond this earthly world." Jackie Weaver, *'The Animal Psychic'*: Amazon Best-Selling Amazon author of *Animal Insight*. A luminous journey through the exotic Egypt of a woman's mind and heart. A Journey into the Heart of God is one woman's spiritual journey out of the prisons of fear and doubt and into her Savior's loving arms, as He teaches her how to communicate with God

and then reveals to her what is her unique reason for being. She shares her journey with you so that you might discover your unique passion for ministry in a broken world. As a believer and a man of God who honors God wherever I go, I had the pleasure of meeting Brenda in what I thought was a chance encounter...that is, until I realized that she too was a believer. I then understood that our meeting was a divine appointment. Through our periodic professional meetings and phone calls, Brenda's life story began emerging, and I knew that she had a story that God wanted to be told. I Choose Me is really a story of spiritual discovery and healing. It is the evangelistic testimony of a woman who has allowed God to heal every hurt. This book is heart warming, challenging and inspiring! It is a must-read for anyone who has encountered "hell on earth" in their life and for those who have still yet to encounter this phenomenon. After reading this book, like Brenda, I believe you too will complete your journey back to YOU! Blessings! Warren E. Anderson, Associate Pastor and Author Jan Willis is not Baptist or Buddhist. She is simply both. Dreaming Me is the story of her life, as a child growing up in the Jim Crow South, dealing with racism in an Ivy League college, and becoming involved with the Black Panther Party. But it wasn't until meeting Lama Yeshe, a Tibetan Buddhist monk living in the mountains of Nepal, that she realized who the real Jan Willis was, and how to make the most of the life she was living. "It would have been better if you had never been born." When Lisa Everly was just a baby, her grandfather spoke these dark, prophetic words over her before dying. But would it have been better? Decide for yourself in Flashback Artist, the true story of Lisa Everly's life. Starting with her near-death experience and encounter with a guardian angel at the age of three, Flashback Artist chronicles a lifetime of challenges: from the sexual violence she endured to her brushes with death and the dark side of the spirit world. It is at the same time uplifting-conveying the guidance she received from angels throughout her life, how she found the courage to confront her pain and how she used her adversity to help others. Both challenging and inspiring, Flashback Artist tells the heartening, real-life story of a woman who faced and overcame incredible hardships through art, spiritual intuition and her relationship with God. Flashback Artist is a story of faith, healing, spiritual growth and forgiveness.

Flashback Artist is written in story form as creative NonFiction based on the author's actual life and personal experiences. The names have been changed to preserve personal privacy. Additional information available at www.flashbackartist.com In Secrets About Life Every Woman Should Know, Barbara De Angelis, one of the nation's premier relationships experts, turns her attention to the most important relationship a woman could ever have: the one with herself. In this remarkable blend of timeless wisdom and practical advice, De Angelis presents ten profound secrets for creating the kind of true freedom we all seek--the freedom that comes from knowing how to stop sabotaging our happiness, how to tap into an inner state of confidence, clarity, and peace, and ultimately how to protect that state from life's many ups and downs. Whether you're longing for more calm in a too-busy life, searching for the inner confidence and self-esteem you've been lacking to manifest your dreams, or seeking more emotional stability and deeper spiritual discovery, these secrets will guide you on the next phase of your own very personal journey toward wholeness. A reissue of a classic spiritual autobiography, first published in 1969, by one of the first western women to engage deeply with Indian spirituality. Awakened in the midst of despair from lost love, Rebecca meets one of her personal angels face-to-face, yet this meeting doesn't deliver Rebecca out of her despair. She meditates and prays but the results are not permanent. Her thoughts turn over on themselves as she places her feelings into a journal. Layers of pain are uncovered until Rebecca falls into a dream, a dream of a past life in which she can't escape. Following herself as the young child Anna, Rebecca discovers the more longing and loss she feels, the more she attracts dark forces, an energetic field keeping her in despair. To break despair, Rebecca becomes a spirit guide to Anna and learns that fear had been painting on the canvas of her life. Once free from fear, Rebecca travels half-way around the world to write her memoir. It is there in Bali that she makes her higher mindset concrete with the prayerful people of Bali. And, it is her memoir that frees her into a life of love. The Number One international bestseller, Eat, Pray Love is a journey around the world, a quest for spiritual enlightenment and a story for anyone who has battled with divorce, depression and heartbreak. The love addicted woman falls in love easily with men she barely knows. She is needy, controlling and insecure. She confuses sex with love and wants with needs. She engages in high risk behaviors and has a high tolerance for suffering. She believes she needs a man-not to enhance a fulfilling, purposeful life-but as an asylum from life. Fear, which is rooted in a deep sense of inadequacy, dupes her into believing she is nothing without a relationship. And so she desperately searches for love and acceptance everywhere but where it can be found, within. Until she heals. Love Addicted is the story of a self-confessed love junkie whose search for love--in the eyes and arms of men--ultimately leads to the healing of her mind and spirit. This book, "7 Times Saved" tells the true-life account of Holly A. Kline's seven near-death ordeals that involved spiritual connections that saved her from a direr fate. This book begins with retelling her life as a little girl in the hands of an abusive mother and continues through six other life-threatening situations, including: being shot at on the firing range while serving in the military, a drowning experience in Lake Huron, flat-lining twice during childbirth, rolling in a car accident, being electrocuted, and falling 65 feet in an elevator plummeting at the speed of 125 km/hour. Each story narrates in what happened to Holly, how she felt and what she thought and exactly how the other side

appeared and intervened to save her life. In each instance, she demonstrates how she was able to find the will to survive through spiritual guidance from guardian angels and other spirit guides to move forward on the journey of life. Readers will find in these pages an inspirational tale that harnesses faith, hope and the will to live. Each reader can enhance their own inner strength and attain peace of mind to overcome their own life challenges, find comfort in difficult times, and forge ahead no matter what. The life messages found in Holly's words give insight on how to rebuild a life after hell breaks loose, how to rekindle connections with spiritual guides, how to find your one's own true purpose, and how to build a happier more meaningful life.
