"Petra Rau examines the shift in attitudes towards Germany and Germans, from suspicious competitiveness in the late Victorian period to the aggressive hostility of the First World War and the curious inconsistencies of the 1930s and 1940s. These shifts were no simple response to political change but the result of an anxious negotiation of modernity in which specific aspects of Englishness were projected onto representations of Germans and Germany in English literature and culture. While this incisive argument clarifies and deepens our understanding of cultural and national politics in the first half of the twentieth century, it also complicates current debates surrounding race and 'otherness' in cultural studies. Authors discussed include major figures such as Conrad, Woolf, Lawrence, Ford, Forster and Bowen, as well as popular or less familiar writers such as Saki, Graham Greene, and Stevie Smith." --book jacket. The gripping true story of Angelina Jolie, from #1 New York Times bestselling biographer Andrew Morton. "I like to collect knives," says Angelina Jolie, "but I also collect first edition books." At first glance, she might seem to be someone without any secrets, talking openly about her love life, sexual preferences, drug use, cutting, and tattoos--and why she kissed her brother on the lips in public. And yet mysteries remain: What was really going on in her brief, impulsive marriages to Jonny Lee Miller and Billy Bob Thornton, and what was going on in her partnership with Brad Pitt? What's behind the oft-reported feud with her father, the Oscar-winning actor Jon Voight? What drove her to become a mother of six children in six years? And—perhaps most puzzling of all—what about the other side of Angelina: How did this talented but troubled young actress, barely 35 years old, become a respected Goodwill Ambassador for the United Nations as well as the "most powerful celebrity in the world" (unseating Oprah Winfrey) on Forbes' 2009 Celebrity 100 list? The answers that Andrew Morton has uncovered are astonishing, taking us deep inside Angelina's world to show us what shaped her as a child, as an actress, and as a woman struggling to overcome personal demons that have never before been revealed. In this spellbinding biography, Andrew Morton draws upon far-reaching original interviews and research, accompanied by exclusive private photographs, to show us the true story behind both the wild excesses of Angelina's youth and her remarkable work with children and victims of poverty and disaster today.

DIN A5, sechs Sprachen (englisch, deutsch, französisch, spanisch, italienisch, niederländisch) français, nederlands, italiano, español Despite shifting trends in the study of Oceanic Atlantic history, the colonial Atlantic world as it is described by historians today continues to be a largely English-only space; even when other language communities are examined, they, too, are considered to be monolingual and discrete. Babel of the Atlantic pushes back against this monolingual fallacy by documenting multilingualism, translation, and fluid movement across linguistic borders. Focusing on Philadelphia and surrounding areas that include Germantown, Bethlehem, and the so-called Indian country to the west, this volume demonstrates the importance of viewing inhabitants not as members of isolated language communities, whether English, German, Lenape, Mohican, or others, but as creators of a vibrant zone of mixed languages and shifting politics. Organized around four themes—religion, education, race and abolitionism, and material culture and architecture—and drawing from archives such as almanacs, newspapers, and the material world, the chapters in this volume show how polyglot, tolerant, and multilingual spaces encouraged diverse peoples to coexist. Contributors examine subjects such as the multicultural Moravian communities in colonial Pennsylvania, the Charity School movement of the 1750s, and the activities of Quaker abolitionists, showing how educational and religious movements addressed and embraced cultural and linguistic variety. Drawing early American scholarship beyond the normative narrative of monolingualism, this volume will be invaluable to historians and sociolinguists whose work focuses on Pennsylvania and colonial, revolutionary, and antebellum America. In addition to the editor, the contributors include Craig Atwood, Patrick M. Erben, Cynthia G. Falk, Katherine Faull, Wolfgang Flügel, Katharine Gerbner, Maruice Jackson, Lisa Minardi, Jürgen Overhoff, and Birte Pflieger. Chicago's German-language socialist weekly, Der Vorbote, claimed in 1880 that "the history of the workers' movement in the United States is at the same time the history of the workers' press." Hyperbolic perhaps, but to judge by the energy and resources German-American radicals devoted to their press, many immigrants agreed. The radical movement in the United States met with problems as well as support. Language and culture frequently divided the radicals, and class considerations splintered the German-American community. Cultural radicals like Robert Reitzel and Ludwig Lore ran afoul of rank-and-file taste or party discipline; attempts by the New Yorker Volkszeitung to coach women on proper socialist positions resulted in bitter arguments over the importance of woman suffrage and pacifism 333 Essential English - German words arranged in categories with 333 High Resolution Images that cover Body, Clothes, Family, Home, Animals, Seasons, School, Jobs, Furniture, Colors, Shapes, Calendar, Personality, subjects, Musical Instruments and Sp Weekly planner, Daily planner, Wochenplaner, Tagesplaner, Planificateur hebdomadaire, planificador semanal, planner settimanale, wekelijks Planner, teachers diary, Lehrerkalender, Calendrier des enseignants 400 pages, one pages for each day of the year, size 6 x 9 inches, six languages (english, german, french, spanish, italian, deutsch) 400 Seiten, eine Seite für jeden Tag, Größe ca.
