Someday Desmond will be famous for his special effects wizardry, but for now he's just trying to make it through sixth grade at Cloverfield Memorial Junior High, which means he needs to stay one step ahead of the school's disciplinary officer, Mr. Needles. The only problem is Desmond just can't stop pulling pranks---like the time he attached a shrieking rubber goblin to the toilet seat in the teachers' bathroom. Mrs. Rubin screamed so loudly her wig flew off! Or the time he put giant motorized worms into the mashed potatoes in the cafeteria. Or the time Desmond and his best friend, Ricky, arranged for a three-headed ghost to crash his sister's slumber*

party. Rachel still hasn't forgiven him. And now Desmond has to stay prank-free for the rest of the year, or he won't be able to go on the class trip to Crab Shell Pier, home of the Mountain Full of Monsters ride! It's going to be tough, but Desmond has to try. This book includes a section of "Desmond's Notes": instructions for making monster magic (think scary noises, or fake blood) at home! Il est ici question d'un temps où quatre royaumes magiques coexistaient sans encombre, et où tous sorciers étaient en mesure de voyager sereinement de l'un à l'autre. Londres en était chaque fois le cœur et l'âme, jusqu'à la chute de l'un des mondes, corrompu par une magie noire dévorante. Ses trois voisins, pour éviter la contagion, décidèrent de sceller les portails qui leur permettaient de communiquer entre eux. C'était il y a deux cents ans, et aujourd'hui certains craignent leur réouverture. Le prince héritier Maxim, fils du roi Nokil Maresh de Arnes (Londres Rouge) fait partie de ceux-là. Son obsession est telle qu'il en délaisse même son propre peuple. Une situation que son père ne peut tolérer. C'est pourquoi il prend la lourde décision de l'exiler à Verose dans l'espoir de le voir se recentrer sur son avenir et les responsabilités qui sied à son rang. Somewhere around the corner, just beyond the edge of perception, lies a world you never dreamed existed...A world where creatures of ancient myth and gods long thought dead walk unnoticed along the crowded streets of Manhattan. Where ladies of Faerie dance lonely nights away, bathed in soft neon glare. Where every shadow holds a secret, and every secret has a price. Where danger and wonder can be found at any turn, if you only know where to look. Welcome to the World of...Aria. *Becoming Magic* is book one of a complete course in becoming creator of your own exceptional life. In this book, I outline the exact steps which enabled me to move my own life from one of poverty and drudgery, to one of previously unimaginable wealth, purpose and joy. 'But Magic? I do hope you are joking!' That's what I would have said, five or ten

years ago. I once despised all things 'New-Age', all these spiritual types and their airy-fairy views, their bad science and their irrational beliefs. I had read *The Secret* and all the Law of Attraction greats, Wallace Wattles, Anthony Robbins, Rhonda Byrne, Napoleon Hill, Esther Hicks and Wayne Dyer. But no matter how closely I followed their instructions for manifesting money, love or happiness, I couldn't make it work. It was only when I recognised, accepted and finally embraced that what I was doing was actually some kind of Magic that suddenly things began to fall into place. Once I realised that the power came from within me, it was as if the light had suddenly been switched on. I learned how to manifest love and money, but I also learned how to be happy, truly happy. If you're jaded by the whole New Age idea of The Laws of Attraction, have become bored by their failure to deliver... this book is for you. It is my intention to lead you by the hand through a marvellous journey of wonder and adventure, teaching you how to change your life, one step at a time. Part one of this course, *Becoming Magic*, lays the groundwork for becoming a magical person, while part two, *Doing Magic*, offers concrete techniques and instructions for bringing wonderful things into your life. The plan is to build your knowledge slowly, gradually, building on what has gone before, moving on to more complex manifestation techniques only once the basics are mastered. So many people fail with Magic and The Law of Attraction because they rush headlong into using techniques, trying to create enormous manifestations, making very simple but crucial mistakes. When they are disappointed, they imagine they have been duped. The sceptics are right. This is all a load of scammy nonsense. And they give up, declaring it just doesn't work. I am telling you that it does work. And you can make it work. And this book will show you how. My intention is that this book will allow you to become a true creator of your own life, reawakening and rekindling your belief and interest in The Law of
